

Gym Management System

We provide a fully custom-coded, private web application built exclusively for your gym, deployed on your own domain name with complete data ownership and zero shared servers.

Pricing & Investment

- Total one-time investment of PKR 30,000 for complete system development, domain connection, and server hosting setup.
- No recurring monthly software subscription fees.
- Annual domain and web hosting renewal fees are managed separately by the gym owner.

Return & Refund Policy

- Full refund available if canceled before development and server deployment begin.
- Once the custom system is installed and handed over on your domain, payments are non-refundable due to the custom coding and setup work involved.

Key Features

- Admin portal
- User portal
- User account creation
- Member profile management
- Monthly fee tracking
- Payment status indicators (Paid, Pending, Overdue)
- SMS feature for payment reminders
- Automated due date notifications
